

## Adaptiv Mini Fitting & User Guide

CAM-FD1-AD

[WWW.ADAPTIV-MULTIMEDIA.COM](http://WWW.ADAPTIV-MULTIMEDIA.COM)

## Adaptiv Mini

Adaptiv Mini allows HDMI & Camera input to the OEM screen. Includes removable dynamic parking guidelines.

This plug and play Mini interface adds HDMI to connect your Apple or Android device, allowing you to mirror your smartphone display on the vehicle's original screen. Inputs for front and rear aftermarket cameras also come as standard with the Mini.

## Application

For Ford vehicles with Sync3 systems and 8" display (dash embedded-style).

*Note: Not for vehicles with newer Sync3.2 systems or tablet-style displays.*

## Kit Includes

- Adaptiv Interface
- Vehicle Harness

## Prior to installation

Read the manual prior to installation. Technical knowledge is necessary for installation. The place of installation must be free of moisture and away from heat sources. Connects2 cannot be held responsible for the installation of this product.

## Technical Support

Connects2 want to provide a fast and suitable resolution should you encounter any technical issues. With this in mind, when contacting Connects2, try to provide as much Information as possible. This will speed up the process and help us to help you.

**Please use our dedicated online technical support centre: [support.connects2.com](https://support.connects2.com)**

Note: LVDS connection must be made directly the vehicle's SYNC module (location will vary depending on vehicle model)

Extension cable (sold separately) may be required for some models.  
Part number: LVDSEXT
