Trim Frame (4)

Installation Manual Double DIN Kit

1. Remove the panel under the climate control panel.

2. Remove the original bracket, which is fixed by four screws at the location of the arrows.

Mount the metal brackets to the double DIN head unit.

The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)

3. Place the new facia plate on the dashboard and fix it with the four screws.

Push the metal frame into the facia plate.

Connect all required wires and push the double DIN Navigation into the metal frame until it snaps in.

Reinstall everything in reverse order to finish installation.
